Changes

Perhaps the hardest thing about changing, no matter what the circumstance, is that so much is left behind. This is a fact of life; there is no past without stepping towards the future first. This is what we are about to do.

Since each member of the class of 1989 is unique, each will deal with change differently. For some it will be a welcomed chance to finally break the chains of restraint that bind high school students. For others it will take away a routine, a pattern of life which has become all too familiar. However, changes always bring new opportunities. For high school seniors this can mean anything from college to a career.

In the end all that's left are the memories. Some memories will drift away and thoughts of high school will get lost in our busy adult lives. Barnacle's goal is for each senior to see this book as a document of memories and a vivid, colorful display of CHANGES . . .

FITNESS ANYONE?
Surprised?

Life with less strife for seniors

After the stress of heavy junior-year schedules, the trials of SATs, and the demands of juggling jobs and school, senior's appreciate the calm of senior year. That senior sense of being on the top, ready to leave school, makes life more fun, even in classes. Many teachers add to the fun, mixing smiles and good times with information. Senior year is the best!

Mr. Carlon gets a mixed response.

Dean holds high standards for class of '89.

We will always remember Ms. Nancy Jane Vecchione, our dean at Barnstable High School. She has been at the school for twenty years and has been a dean for thirteen of those years. She enjoys being a dean and usually forms bonding relationships with her students. A very spirited woman, Ms. Vecchione is most likely found in the halls talking with students about detentions, or planning the next class officer and homeroom rep meetings.

In addition to her plans for this year she formed the seven student RESPECT committee. Ms. Vecchione felt that we should accept the challenge that Assistant Principal Graves gave the seniors the first day of school. This challenge was to make sure that we did not lose any students from our class this year in drinking and driving accidents.

Ms. Vecchione has cared about the class of 1989 since the day she became our dean. We, as class officers, have worked very closely with her for the past four years and agree that she has definitely made our class a successful one. Without her help we would not have accomplished any of our class activities: the dances, the Cape Cod Kennel Club dog show, the homecoming weekend, and especially the Junior and Senior proms.

Obviously, Nancy Jane Vecchione has shown extraordinary dedication to the class of 1989 and we will never forget her.

Thanks for being there for each and every one of us. You're the greatest Ms. Vech.

Pam Shapiro, Melanie Guy

Mrs. Roderick, Mrs. Dutra, Mrs. Vec, Mrs. Harris, Mrs. McDonald, and Mr. Cotter

At Barnstable the dean acts as advisor for the class from the day of entry until that celebrated day of graduation. In four years of handling attendance, discipline, and class activities the deans and their secretaries get to know the students well. They handle problems with good humor and consistency. Their commitment to their class and daily good cheer help to make the school a better place. Thanks for a job well done.

Mr. Hal Cornforth, Dean of the Sophomore Class. Mr. Rollie Hicks, Dean of the Freshman Class. Not shown: Mrs. Pat Bain, secretary to Mr. Ruberti.

Changes in Guidance

The Guidance Department at Barnstable High saw major changes during the summer. Walls were torn down and the offices rebuilt in new locations. A new guidance suite appeared in the corner of the school next to the main office. By the first day of school the counselors, deans and secretaries were regrouped and ready for action. Under the direction of Ms. Marie Herr the department saw new ideas and a fresh approach.

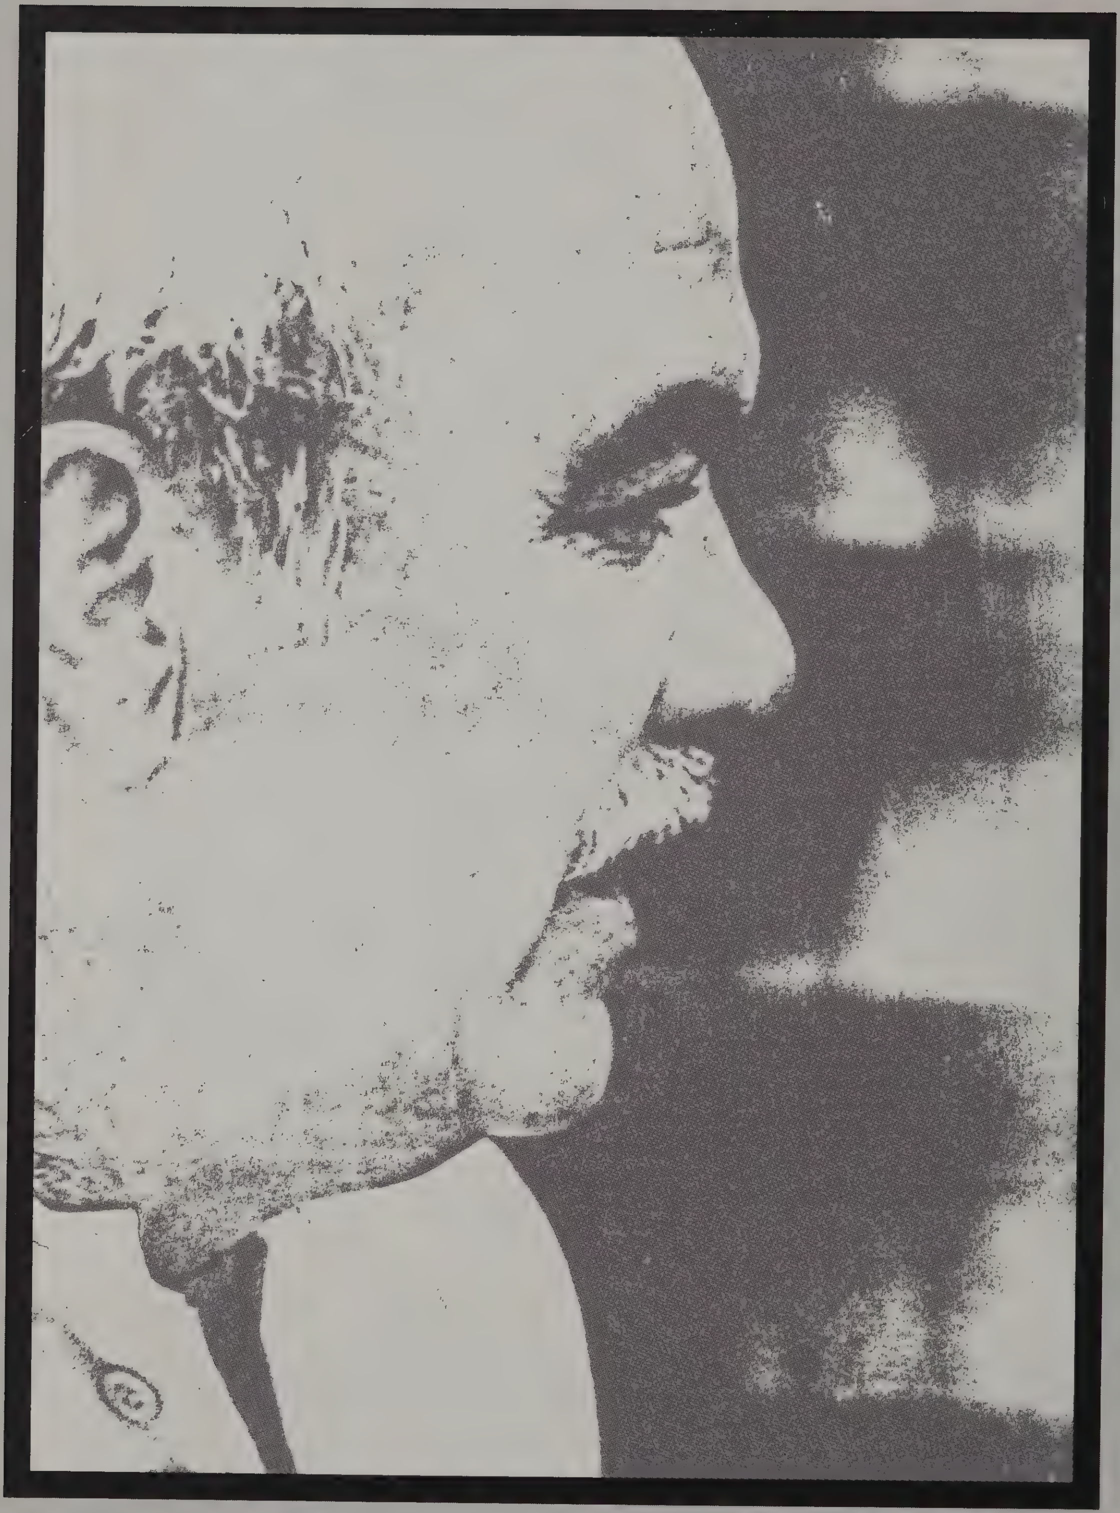
MAY 1986 . . .

We all looked so young and we thought that school would last forever. The days flew by so quickly bringing us to the bleachers once again for graduation, June 1989.



ERNEST LEBLANC

This past year Barnstable High School suffered a great loss with the tragic death of Mr. Ernest LeBlanc.

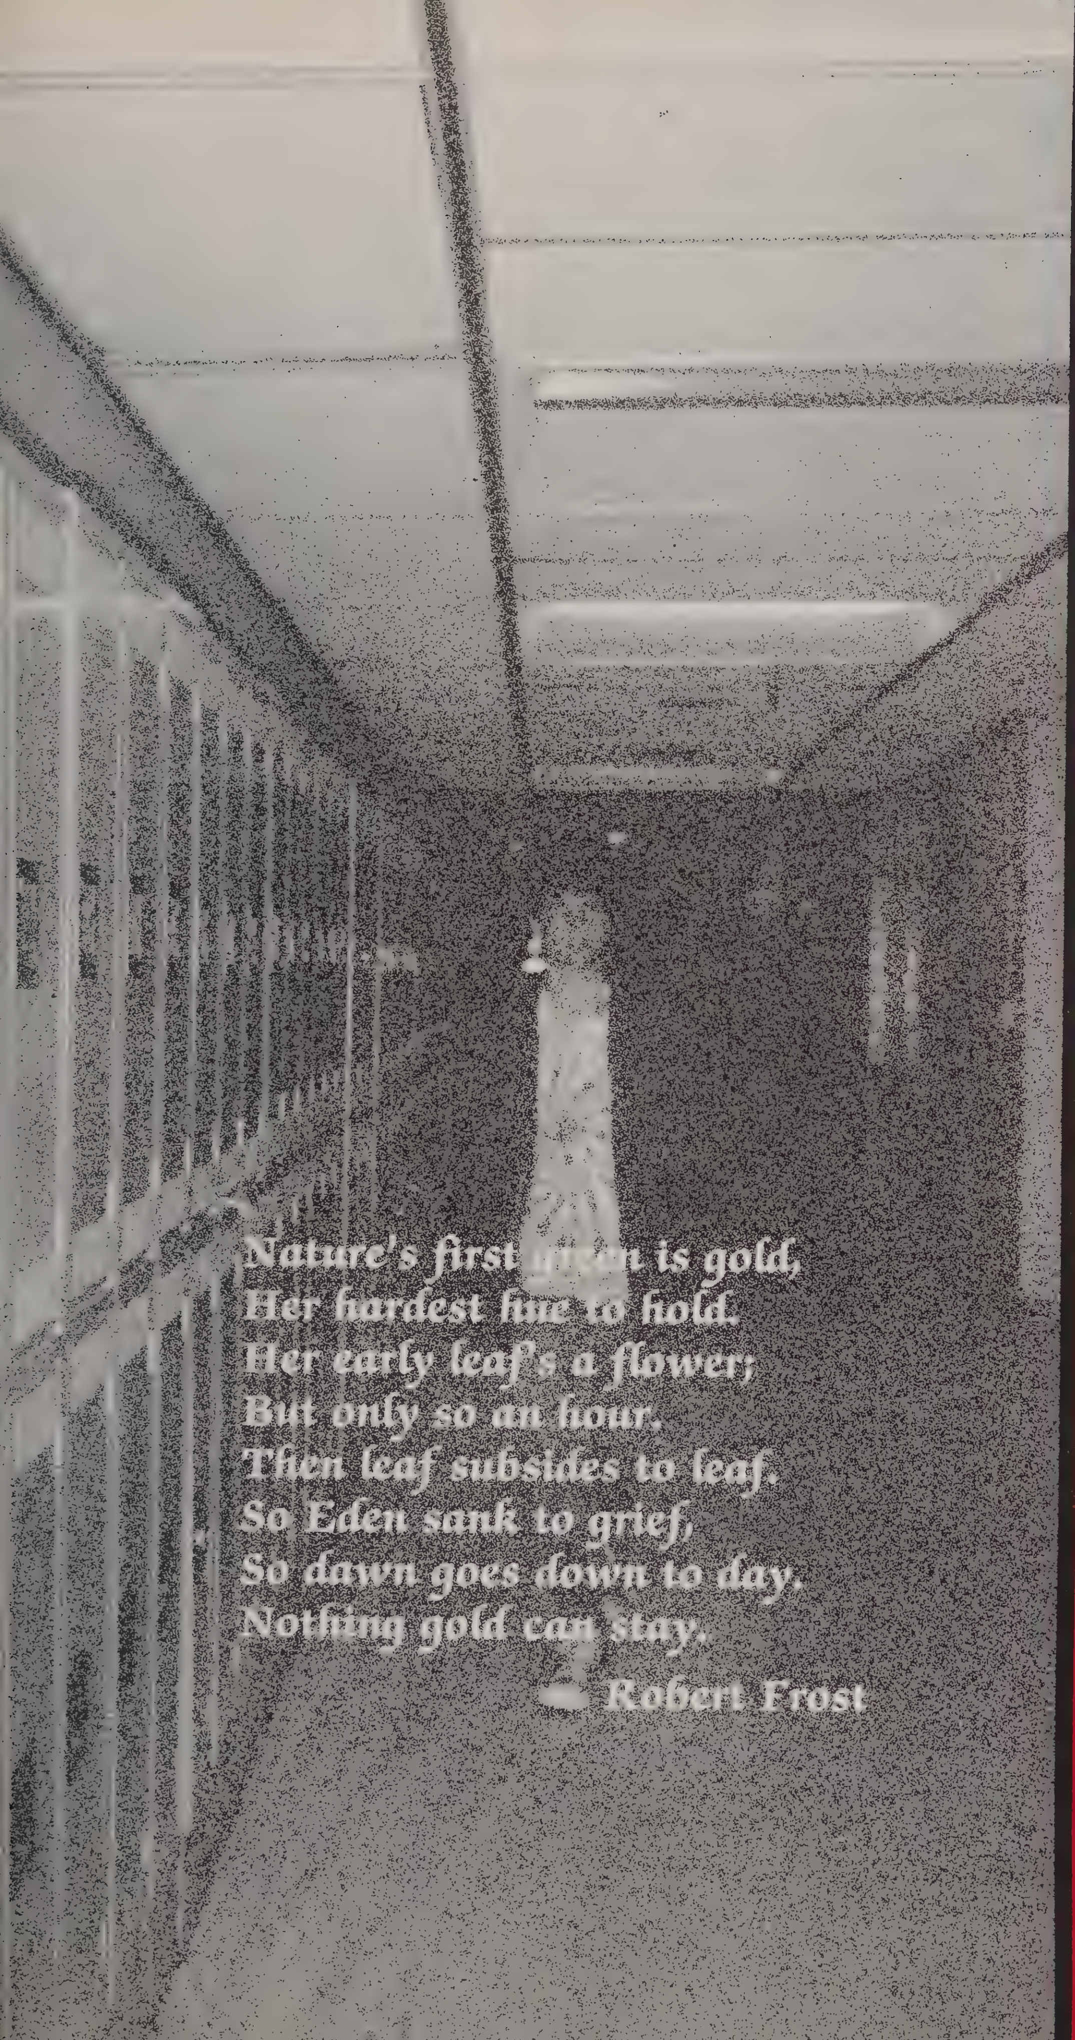
For nearly twenty-five years Mr. LeBlanc gave to us the gift of excellence. He coached the sports he loved best, taught us the subjects he was passionate about, instilled in us the drive to succeed, and demanded from us the results of which we were capable.

To the profession of teaching he gave grace and honor. Very few people give so much of themselves as Mr. LeBlanc did.

Ernie LeBlanc was an inspiration to both students and faculty alike, and he will always be remembered . . . and missed.

The class of 1989 dedicates our yearbook to the memory of Ernest LeBlanc.

SENIORS



Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.

STUDENT LEADERS

Students at Barnstable High share in the responsibility for governing the school through their elected representatives. They work with administrators and staff members to make the school a better place.

The five members of the Student Advisory Board meet each month with Superintendent Edward Tynan and Assistant Principal, Mr. Richard Graves, to discuss current school issues. The Student Advisory Board has been active this year in promoting various school reforms, such as eliminating smoking at school. They will continue their efforts to make Barnstable High School a school of which we can all be proud.

The members of the Student Council are elected each year by the student body. They work on the problems of the school. Mr. Rick Linehan, Student Council Advisor, says, "There are two key words describing the seniors on the student council this year — support and unity. They have been supportive of one another, of their advisor, and of fellow members. Through their support an important feeling of unity has been achieved, not only within the group, but within the entire student body, faculty and administration."

ART CLUB

Under the direction of Mr. Bolton the Art Club allows creative students to channel their artistic energies into projects that benefit the school and the community.

President, Meg Harrington and Vice President, Jen Hill skillfully planned this year's art club events. Including trips to Provincetown and Boston. Secretary, Kristen Berry and Treasurer, Erica Byrnes assisted in these efforts.

AFS

Dear Ones

It is truly amazing how fast a year goes by. There is always so much to do and so little time. I want to thank all of you who worked to make this year possible — our officers Dineen, Becky, Ana, Jen and Erika. Without these people the club does nothing, for the officers determine all of the activities and the scope of the student club.

The officers are an important part of A.F.S., but without all of the others who put so much into this organization, its members, we would have nothing. So, to all of you — thank you, especially to Greta. We will miss you.

A.F.S. hopes to foster in everyone a real interest, if not a passion, for becoming a "world person." As Beth Farrell said when she returned from Austria, "Now I have to look at the U.S. with open eyes." You must do that also.

I will miss all of you who are leaving B.H.S. this year. Please keep in touch with us.

Fondly,
Ellie Collins

PEER LEADERSHIP

Peer leadership is made up of a special group of students dedicated to improving life at Barnstable High. Each year they participate in a variety of activities such as their Holiday Food Drive to benefit the hungry people in this community. However, they are most well known for the successful program they hold every year at the middle school. It is aimed at easing the transition from eighth grade to high school and is a very popular activity.

BYAC

Barnstable Youth Advisory Council is made up of a number of students and advisors whose main goal is to improve life for young people on Cape Cod. Each year they work on projects like the Halloween Parade and Toys for Tots which benefit residents of this community. BYAC is also the proud sponsor of "Get High on Life" a week of activities aimed at showing students and parents that alcohol is not always needed to have fun. With the help of future members the work these students have done will continue to serve and improve the town in which they live.

HOME ROOM REPS

Homeroom representatives play a very important part in keeping communication flowing from the class officers to the student body. From collecting class dues to reporting on activities such as dances, car washes, dog shows, and other fund raisers, the homeroom reps provide a valuable service for the class.

IMANI CLUB

Dear Imani Club Members:

During the last three years, I have watched you grow and mature into fine, responsible students. I want to convey to you the following advice: Your future success depends on your ability to work and become productive. Educate yourselves to the best of your ability. Support your friends and community: In these trying times the family has undergone too many trials and ordeals. Remember no man is an island, no man stands alone. Take these three things and go out and have a productive, successful career. Until next time.

Dear Staff:

Kaleidoscope, Barnstable High's magazine of writing and the arts, is only possible because of the staff's dedication and commitment. This year we will publish our fifth edition. The poems, short stories, essays, photography, and art we have collected will become the best volume Barnstable has seen yet.

Sue Sweeney and Erica Maloon's excellent work along with Mary Harrington's literary expertise and Rachael Miesen's enthusiastic publicity, have made this edition possible. Many thanks to Caroline Gordon and Todd Coutu for their layout designs, to Valerie Landry for her enthusiasm and after school help, to Nicole Jackson, Christine Martin, and Kami Maloon for all their art and editorial assistance.

Special acknowledgement goes, of course, to the many students who contribute their accomplished work to the magazine.

Sincerely,
Mrs. Regan

CHANNEL 22

Channel 22 is the Barnstable Public School television outlet to the community. It is a student-run, completely equipped operation which develops communication skills and gives, perhaps, the initial step in a career in broadcasting. The station is on the air twenty-four hours each day with actual programming consuming between two and three hours and the remainder of the day filled with an electronic message board. Students produce news, interview shows, sports, and in general highlight the many things that go in our school system.

All students in the high school have the opportunity to be part of Channel 22. All they need is the desire and some free time after school. Three seniors have been most active this year: Valerie Landry, Chuck Seay, and Dan Corp.

FUTURE PROBLEM SOLVERS

The Future Problem Solvers practice fact finding and analysis to present original solutions to problems. They compete with local schools and travel to national competitions, giving them a mental workout and a lot of fun.

NATIONAL HONOR SOCIETY

Barnstable High School is lucky to have such an enthusiastic and community-minded National Honor Society. Through your enthusiasm you have raised over $4000.00 for the Cape Cod branch of the American Heart Association. Peer tutoring was streamlined, and the tutors helped well over 100 students.

Without a sense of social conscientiousness, no success can ever be measured. I wish you all the health and happiness that life has to offer.

STUDENTS AGAINST DRUNK DRIVERS

Bob Anastas began Sadd (Students Against Drunk Driving), in 1981 and at that time over 6,000 young people were dying in drinking and driving accidents. Since then, the students of Barnstable High have been doing all they can to help end these senseless deaths. This year alone the Barnstable Chapter of SADD, under the leadership of Mrs. Jones, has been actively involved in the community. They've had many fundraisers such as selling food at plays and at the Haunted House. They've also worked with community organizations such as The Boy Scouts of America. They coordinated with Lewis Bay to make video of the dangers of drinking and driving. SADD has put on a puppet show, also, for elementary school students.

SADD, also put on a Pre-Prom Assembly last spring for juniors and seniors to make them more aware of the dangers of drinking and driving, especially on Prom night. They also passed out information to the freshman homerooms as good public relations for the incoming students.

To get involved with the activities of other schools they attended a fall conference at New Bedford Vocational Technical and they presented a skit for the group.

SADD as a whole, has done an excellent job of touching students, as well as members of the community. They have involved themselves in many interesting and worthwhile activities and are a great asset to BHS.

SKI CLUB

The Barnstable Ski and Outing Club, under the direction of Ms. Davidson and Ms. Sheehan, plan ski trips to Northern New Hampshire, Maine and Vermont. The ski club tries to plan day trips at least every other week. Students who ski at all levels are encouraged to join the ski club. Students who enjoy the outdoors and non-competitive activities participate in the club.

SCHOOL STORE

The school store, with Ms. Joan McNeil at the helm, offers interested students the chance to run a retail business. The students gain firsthand insight to the problems of the business field. Communication skills, mathematical concepts and stock control skills are sharpened as the students work to present an efficiently operated, well-stocked store.

SPEECH TEAM

The 1988-89 season was a year of transition for the Speech Team. The nucleus of experienced competitors, though talented and savvy in the ways of the forensics world, was smaller than it had been in several years. Forced to shoulder a greater burden in practices and in tournaments those veterans worked hard to preserve their winning tradition and to leave behind the fundamentals of that tradition as their legacy.

Captains Kelly Cavanaugh, Scot McMahon and John Rohrbach were the core of the team. Each had been a large part of the team's state championship performance in the '87-88 season, culminated by their participation in the national tournament or The Catholic Forensic League in New Orleans. Despite their impressive achievements, despite their awards and medals and championships, they worked enthusiastically with younger members, performed the menial tasks necessary to make fundraisers work and most important, led by example. Due in great part to their effort and excitement, the team, though predominantly young and inexperienced, was poised for another championship season.

It is a tribute to them that the team may be stronger than ever in the next two years. Kelly, Scot and John will be difficult to replace, but ironically they themselves will have helped to make it possible to do just that. They have shared their talents, imparted their knowledge and selflessly given all that they could have to those who will follow. No matter how much the Speech Team has given to them, it will never equal what they have given to the team.

May they have the time and the courage to follow their bliss.

The club is the newest at Barnstable and possibly the most active.

INSIGHT

Mr. Carlon

The 1988-89 INSIGHT editorial staff proved to be an interesting blend. The editors-in-chief themselves seemed, at first glance, to be at odds: three ultra right-wing, fasten-that-tie-securely-around-the-adam's-apple Republicans (Jim Dellamorte, Scot McMahon, and John Rohrbach); two bordering-on-socialist activities (Kristen Berry and Anathea Chartrand); and someone straddling somewhere between the two camps (Tara Baukus). Yet there was always mutual respect, admiration, and cooperation among the big chiefs.

The other senior staff members (Erika Byrnes, Beth Colwell, Melanie Elerbie, Bonnie Leeman, Megan Thomas, and Jami Viola) were hard-working newspaper persons without whose endless contributions the paper would have floundered. Especially missed will be Erika's dead-on, cynical wit, Beth's good cheer and magnificent typing fingers, Bonnie's photography skills, and Melanie's shy, retiring nature.

A young crop of juniors also brought their considerable talents and enthusiasm to INSIGHT. Melissa Allen, Jim Cormier, Vanessa Cruger, Meghan Donahue, Jenn Ellis, Jocelyn Fasset, Andrea Howe, Lauri Howe, Kathy Kaess, Stacy Kittredge, Mike "I'm the Handsome One" Queeney, David Rheingold, Esther Roche, and Matt Smith ensure that the 1989-90 staff will carry on the hallowed INSIGHT tradition of hard work, a lot of laughs, and the munificent tipping of Craigville Sub & Pizza waitresses.

BARNACLE

This year's yearbook staff was a group of young people who wanted the 1989 Barnacle to be seen as no other before it: A yearbook that captures the changes we have undergone, as well as those unforgettable memories. The entire staff and senior class owe our editor, Sue Sweeney, a great amount of praise for her hard work and dedication. The four years that we have spent here at Barnstable High School is carefully represented in this yearbook. We also owe thanks to the many seniors who put so much hard work and effort into this production.

Dear Bandmembers,

I am so glad that your last year of marching band came up a winner for you. You stayed with your band through some tough times. If any group of people deserved to have our most successful season ever, it was you.

"Eyes with Pride" is a tradition in this band that goes back long before you were here. I saw that tradition stay alive in you. I saw it after a show, after a hard rehearsal, at the band banquet and now I am seeing it as you accomplish playing "West Side Story."

I hope that as you go on in life that you can remember your band and band director, as I do mine. Good luck to you, my friends. There will always be a place in my memories for the band seniors of 1989.

ACTIVITIES

"This is the time"

The Junior Prom was the highlight of the spring for two hundred and fifty juniors. Many spent the morning taking their SATs and then rushed home to change for the prom. Ball gowns and flowers and the tuxedos transformed the crowd. The Tiara Room of the Tara Hotel was beautifully decorated in pink and silver with balloons and ribbons. Excitement filled the evening.

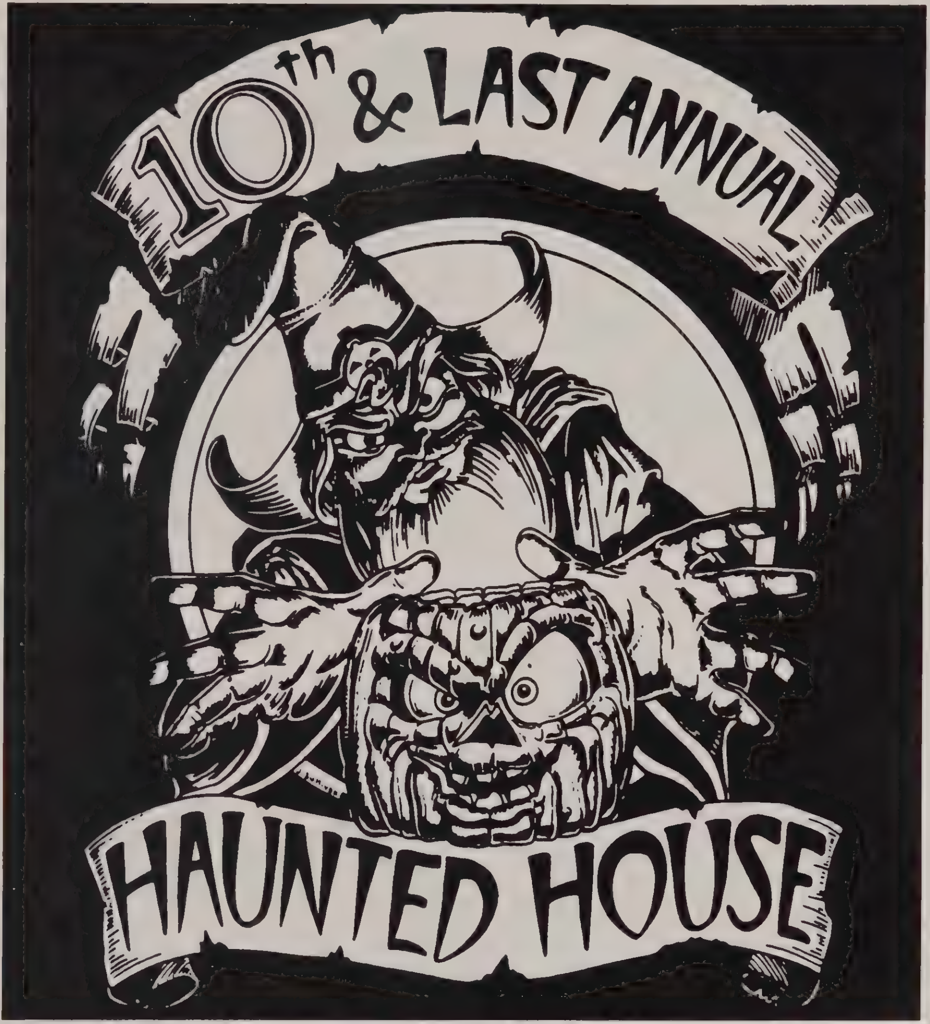
Seniors' Favorite Haunt

In addition to changes in other areas, the 1988-1989 school year has signaled a change in Barnstable's main haunting ground. The Haunted House, presented by the High School Drama Club, has begun its final run. After ten wonderful years, the Haunted House will finally be closing its doors. No longer will werewolves and gypsies lurk in the auditorium waiting for innocent victims. Never again will a long line of eager parents and students be seen draping through the school corridors.

The Senior class would like to thank Mr. John Sullivan for making the last ten Halloweens so memorable. We will miss his colorful costumes, garish ghouls, wicked witches, and most of all, the special joy he brought to every Halloween.



A new activity for BHS: Crew

When Greg LaRoche established the B.R.C. in 1986, the members were merely a bunch of inexperienced novices. Under the supervision of both Greg and the present coach Rick Porteus, we have matured into a competitive crew, capable of winning. We will remember the races and regattas at Tabor, Riverside, Quinsigamond, the N.E.I.R.A.s, the Head of the Connecticut, and the Head of the Charles.

SPORTS

The 1988 Red Raiders fresh from summer training, ready to go for the season.

To the '89 Senior Red Raiders,

If it is true that every adversity is a seed for success, then you have a wealth of experiences to draw from to ensure success in your future. Through your perseverance and mental toughness, you earned the respect of all those who saw you play, or played against you. That achievement is more to be proud of than a won-loss record.

Sincere best of luck,
Coach Titus

The 1988 Field Hockey Season may not have been a winning season, as the 2-11-3 record reflects, however, it was a season marked by incredible determination, team work, and Raider spirit.

With a "Never Say Die" attitude, forwards Melanie Guy and Mev Ryan kept the ball moving steadily upfield eagerly awaiting chances to score a goal.

As link, Alice Curran shifted from offense to defense at a moment's notice, and on free hits, her drive was unstoppable.

On defense, halfback Christine Fournier kept opposing forces at bay sending the ball down the field and out of Barnstable's end.

First year goalie Stephanie DeMello showed remarkable ability to adjust to a new position. Always prepared for that unexpected shot, she consistently made great saves in goal, holding back even the toughest teams.

Bottom left to right: Rich Martone, Juan Rodriguez, Charlie Burger, Ted Komenda, Jim Cazeault, David Dilly, Brad Sweeney, Loic Musy.

Players on the 1988 soccer team had a very competitive experience finishing 7-6-5. With a lack of major playing experience, due to graduation, the team began the season with many questions. We looked to achieve three goals: a winning season, state tournament play, and to create a new philosophy. A hard-fought tie with Bishop Connolly and a loss to New Bedford during the last week of the season dashed the tournament hopes of the Red Raiders.

Much of the success of the season has to rest on the excellent leadership of seniors David Dilley — Capt., Rich Martone, Jack Reardon, Ted Komenda and Charles Burger. Seamus Cazeault's constant upbeat attitude also contributed to the positive experience of the season.

Exchange student, Loic Musy, was the leading scorer and team MVP (an award that was shared this season with David Dilley). Both David and Loic were selected to the SMC all-star team.

The desire to work towards team goals and benefit as individuals will continue under the leadership of 1989 captains Seth Hazard and Matt Smith.

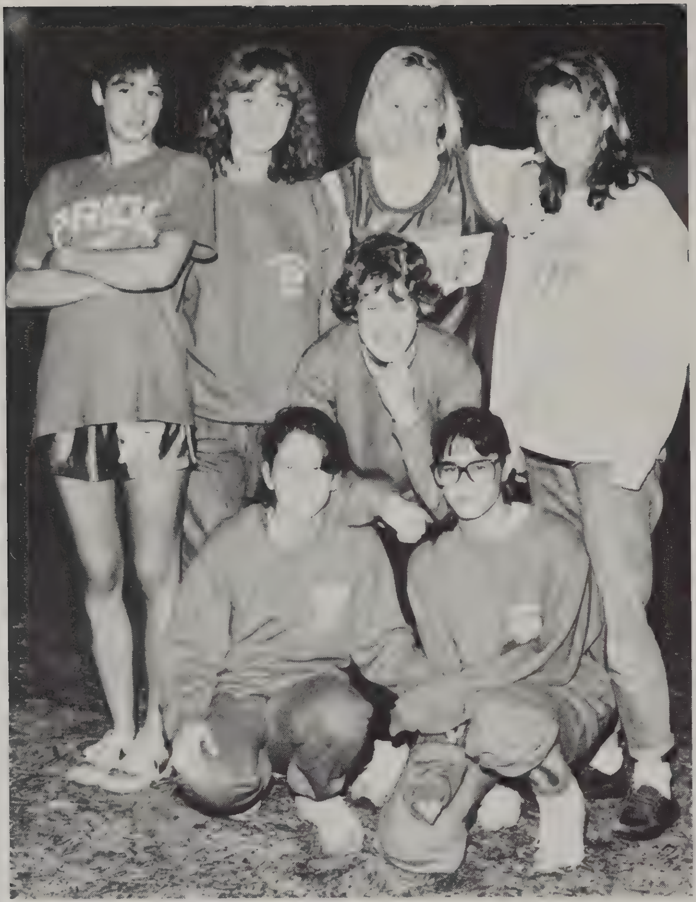
GIRLS CROSS COUNTRY



Top left to right: Katie LaCroix, Jen Rogers, Greta Jodal, Bonnie Leeman Bottom left to right: Laura Marrow, Becky Hutchinson, Cathy Lohse

Cross Country is a sport renowned for its unrelenting challenges; the interplay between the physical and the mental is complex and the athlete has to train and to master both in the pursuit of excellence. All the runners in our program are heroes — a hero is an ordinary person with an extraordinary commitment — and here in the yearbook we salute the seniors.

Captain Bonnie Leeman has been a team member for four years and reached the top as number one runner just this fall. She has run alone as number one, bolstered by a quiet determination and hard work.

Greta Jodal, AFS exchange student from Sweden, has made a great contribution to the team in her first experience as a runner. She was consistently Barnstable's number two runner, behind Bonnie. Just as important were her upbeat attitude and great smile. Even though Jen Rogers joined the team late and had some injury problems, she still managed to run in several meets and came to cheer on others, even when not running.

BOYS' CROSS COUNTRY

Clockwise: Stephen Fernands, Mark Yoo, Chris Santos, Bill Santos, Jamie Gliden, Stanley Luk, Shane Bassett

The Boys' Cross Country team was led by a key trio from last Spring's Track Team: Capt. Steve Fernands, Capt. Bill Schofield, and Chris Santos. Steve was number one, unbeaten by any of his teammates throughout the season, and consistently finishing in the top five in dual meets, taking the top slot against Somerset. His knowledge as a runner and extra-ordinary hard work set a standard for the entire team. Bill Schofield returned to the team this year for the first time since being a sophomore. With his smooth form and quick wit, while other younger runners suffered from various injuries and missed meets, Bill continued to improve and to hold rank as the Raiders number two runner. Chris Santos, in his first year on the team, seemed to adjust smoothly from track to the longer distance. He consistently finished in the low teens in dual meets and finally cracked the top ten finishing ninth against Somerset.

We will definitely miss all these guys. The challenge to the rest of the team — especially the sophomores — is to next year beat some of the standards set by Steve, Bill and Chris, and to take over their roles as enforcers of Raider traditions.

Back row L to R: Stephenie Zarum, Mara McLaughlin, Alex Chasson, Jen McCarthy, Patti Harrington Front Row: Coach Turco, Lisa Saccheti, Gail Fellows, Dawn Wilbur, Kerrie McCartin

It was a rebuilding year for the 1988 girls volleyball program. The loss of 7 seniors five of which were starters from the '87 team created a season of challenge, learning, fun and excitement. The girls were very competitive throughout the season. They forced powerful teams, Stang, Somerset, Durfee and state finalists, Feehan, to three game matches.

The enthusiasm, cohesiveness and competitiveness of these girls, along with the return of all but one player, should make our '89 goal of tournament play a realistic one.

Senior captain, Gail Fellows, was chosen to the SMC II All-Star team. Her exceptional serving (96%) and great defensive play proved to be assets to the team.

BOYS BASKETBALL

I want to thank this year's varsity basketball team for making my first year as head coach an enjoyable one. I especially want to thank my senior tri-captains, Brett Fournier, David Dilley, and Jeremy Gobeil for the roles they filled and the hard work and dedication throughout the season. I am hopeful that each senior class to follow will have players who will duplicate the efforts put forth by this group.

The 1988-89 girls basketball season began this winter with only two returning seniors. Although the team was young and inexperienced they turned some heads with an undefeated record after their first six games. This unstoppable team is led by senior co-captain Gail Fellows and junior co-captain Pam Legeyt. Gail Fellows as guard has excellent ball-handling skills and a soft touch to her shot. With senior Alice Curran's defense and determination and the help of other returning players this year's season looks very promising.

As YODA says in *The Empire Strikes Back,* "TRY? . . . there is no TRY . . . there is only DO or DO NOT DO." A good track motto in any season for running is winning. Not only the body, but the mind becomes more resilient, more resourceful . . . vibrant and ready for whatever comes next . . . a sense of anticipation. The training and competing experiences are intense, vivid and long-remembered.

One's ideas about progress and accomplishment shift: hard or easy; downhill or uphill; forward or backward or sideways; running for time or not; on-track and off-track; sometimes through the briars and the brambles (through the places where a rabbit wouldn't go) . . . every step and stride trains your mental and physical resources.

"I have worked harder in those meetings than in our workouts . . ." "What do those mind games have to do with my running?" . . . I'd rather have "A bird in the hand" or see "Paris in the Spring" . . . wouldn't you? You are good enough . . . not just good enough . . . just good enough . . . not good enough . . . If you are not good enough, then what are you?

Winners Committee . . . Goal Sheets . . . Personal Records instead of Personal Bests . . . The Speed Toys: Sidewinder and Resistor . . .Burger Wars, Smart Food and water, water, water . . . The Day of the Big Snow Run.

It's all about going beyond limits . . . pushing the wall or going through it . . . Coach, can I go around or tunnel under?

A quality team: the choice of the Captains — Bonnie, Golden, Chris, Steve. And 14 of 34 on the team achieving Honors and High Honors.

You are the best . . . we are committed to your success, always.

To the 88-89 Barnstable Softball Team;

As we look forward to the upcoming season we must first take time to acknowledge the feats of last year's squad. After a disappointing 4-5 start the team recorded an 8-game win streak and a regular season-ending loss to a high-powered New Bedford team. It was during that streak that the Lady Raiders won their first-ever league championship (SMC Div II) and qualified for the State Tournament play.

Many of this year's team: Sr. Donna Martin, Jrs. Dawn Wilbur, Kerrie McCartin, Melissa Allen and Soph. Stephanie Zarum were vital players in last year's success. With the absences of many seniors, the exception being Donna, these players will be expected to provide us with leadership as well.

The 87-88 Lady Raiders have helped us to establish ourselves as a contender and as a solid program. It is the goal of this years squad to help us take another step up on the state level as well as to enhance a growing tradition of success, class and sportsmanship.

Respectfully,
Coach "Spanky" Demanche

The 1988 golf team had a good season. We finished the year with a record of 13 wins and 6 losses. We were 7 and 3 in S.M.C. I, co-champions and qualified for the state sectionals.

With seniors Dennis Uyenoyama and Brian MacAllister and a strong group of juniors led by John Curley and Andy Maher, the team should have another fine season.

The 1987-88 girls' tennis team proved to have one of the most successful seasons ever. Juniors Colby Dowling and Dineen D'Avena led the way to victory. Dineen reaped many wins and seldom experienced a loss. Colby gave a strong performance on singles and doubles play. Through their achievements the team was involved in many 3-2 decisions. Stacie Collins and Francine Ciccarelli made the CAPE COD TIMES All-Star First Team for 1988.

The season's high point, however, was the teams qualification for the state team championships, where they reached the quarter-finals of the south sectionals.

Although it wasn't a great year, the Boys' Tennis Team posted another winning season, ending with a record of 9-7-0. Despite having the fourth different coach in four years, the team remained very competitive under the guidance of Britt Lay. Most of the matches they lost were only by one point. Seniors Charlie Burger and Ted Komenda feel that although it's a young team, "we still have a strong underclassman lineup."

Also, the team fared well in the SMC I tournament at New Seabury. Ted Komenda and junior doubles partner Willy Brown made it to the finals but lost in a close match.

The highlights of the Spring 1988 season were the dual meet victory Barnstable 74 over Coyle 70 — and the First Annual Revived Decathlon.

The juniors on the team were its strength, scoring 170 points, 52% of the entire team's dual-meet total. The high scorer was Steve Fernands.

Steve's specialties were the hurdles, high jump and long jump — there was hardly an event he didn't try.

The other juniors and their main events were: Tim Kinney in the pole vault and hurdles; Robert Maxwell in the discus, javelin and sprints; Chris Santos in hurdles and middle distance; Adam Devlin in the hurdles and 400, and Bill Schofield in the 400 and relays. It was great to have Bill return — a tribute to his determination after successive knee injuries in football and basketball.

The Team Decathlon — a two-day contest of momentous proportions pitting 7 team titans against each other in ten separate events. Steve Fernands topped the field, winning six events and scoring 4340 points. Robert Maxwell finished second with 4030 point bouyed by clearing 8 feet in the pole vault. The pole vault highlights include an 8′6″ winning vault by sophomore Chris Colebourn and an historic first-time ever vault by John "Chumley" Fields who hefted his 255 pounds over the crossbar at 5′.

"The Slap 'Em Silly Seniors"

Powderpuff '88

They were totally ready for the challenge

In November, 1988, after having twice postponed due to inclement weather and field conditions, the anxiously awaited annual powderpuff game finally occurred. Both anticipating victory, the "Slap 'Em Silly Seniors" and "Junior Juggernauts" spent hours before the game hanging up posters for their teams in the school hallways and cafeteria. The 1988 Powderpuff game, first ever to be held under the lights, attracted a large crowd, despite the chilly weather. The Juniors played well, but the Seniors triumphed in the end. Under the leadership of captains Tara Varney and Julie Spooner and quarterback Gail Fellows, the seniors, indeed, "slapped 'em silly", beating the Juniors 14-6.

I asked God for strength,
that I might achieve,
I was made weak, that I might
learn humbly to obey.
I asked for health, that I might
do greater things,
I was given infirmity, that I
might do better things.
I asked for riches, that I might be
happy, I was given poverty that
I might be wise.
I asked for power that I might
have the praise of men,
I was given weakness, that I
might feel the need of God.
I asked for all things, that I
might enjoy life,
I was given life, that I might
enjoy all things.
I got nothing that I asked for
but everything I had hoped for.
Almost despite myself, my
unspoken prayers were
answered.
I am among all men
most richly blessed.

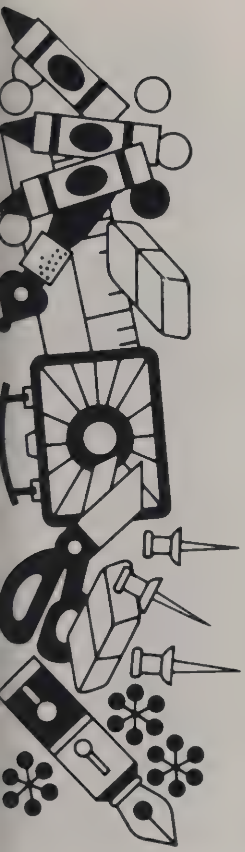
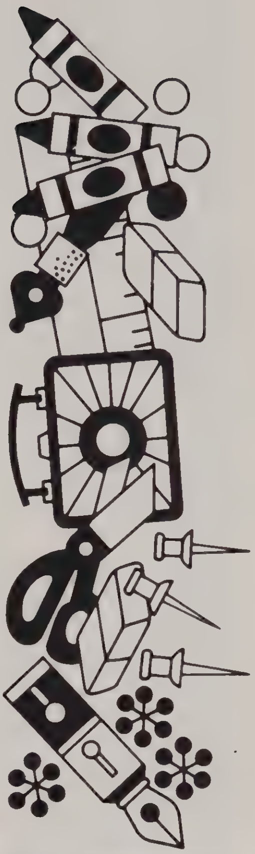
"We Made
It!"



"Times, they are achangin' . . ."



When these pictures were taken, we had the world ahead of us. About the worst possible thing that could happen was the loss of a lego or the ruin of a Barbie doll. Ten years have passed, and our problems are much different. Now we must face the prospect of Nuclear war, hopes of world peace, and the exciting fact that someday we will control this planet. In those early days, we dreamed of being astronauts, doctors, and princesses. Who knows, maybe someday we will be.

At the time we entered kindergarten, man was just beginning to venture towards planets beyond ours. By the time we attend our twentieth-year reunion in the year 2009, some of us may be living in outer space, and space travel may be a part of daily life.

So much has changed since we were seven years old, longing for recess or the end of the school day. Today we long for that final bell in June and Graduation. Tomorrow we may long for more time to achieve all our dreams.

Vacation is over;
It's time to depart.
I must leave behind
Although it breaks my heart

Tadpoles in the pond,
A can of eels,
A leaky rowboat,
Abandoned car wheels;

For I'm packing only
Necessities;
A month of sunsets
And two apple trees.

Vinny — I write to you first because you are the warmth in my heart. You give my life something worth living. Being with you has been "the time of my life." Thanks for all your support. I LOVE YOU!!!

Mike — Well, these years have gone by slow but I made it! I'm lucky to have a big brother like you. Stick around the action is just about to begin. I LOVE YOU!!

Dad + Candy — You've been so patient. What can I do to make up for everything you've done for me. Thanks I LOVE YOU!!

Mom + Kevin — Well I made it! I know it hasn't been easy. But you helped me get through it all. Thanks for being there. I LOVE YOU!!

Theresa — Although we are far apart, in my heart we are just as close, You're the best. I LOVE YOU!!

Lisa — Remember the times! Crazy Times! Conn. dancing trips, secrets, late nights, snowed in at Vinny's!! Oh yeah, it was snow alright!! I'll never forget you, you're the best!! Stay out of trouble!!

Megan + Jill — You guys have been great! It's been real! Keep in touch. I'll miss you. Jill, try to behave next year without me! (haha)

Tara + Lorne — You two crack me up. We've shared some great times together. Let's all keep in touch! Bye!

Katie — We haven't been friends for long but I look forward to our friendship growing!

Jeff,

"WE BELIEVE IN YOU!"

We want to tell you that we believe in you;
we believe in your mind and all your dreams.
We believe in your intelligence,
and the determination within you.
You can accomplish anything.
You have so much open to you,
so please don't give up on what you want from life
or from yourself.
Please don't put away the dreams inside of you.
You have the power to make them real.
You have the power to make yourself
exactly what you want to be.
Believe in yourself the way we do,
and nothing will be beyond your reach.

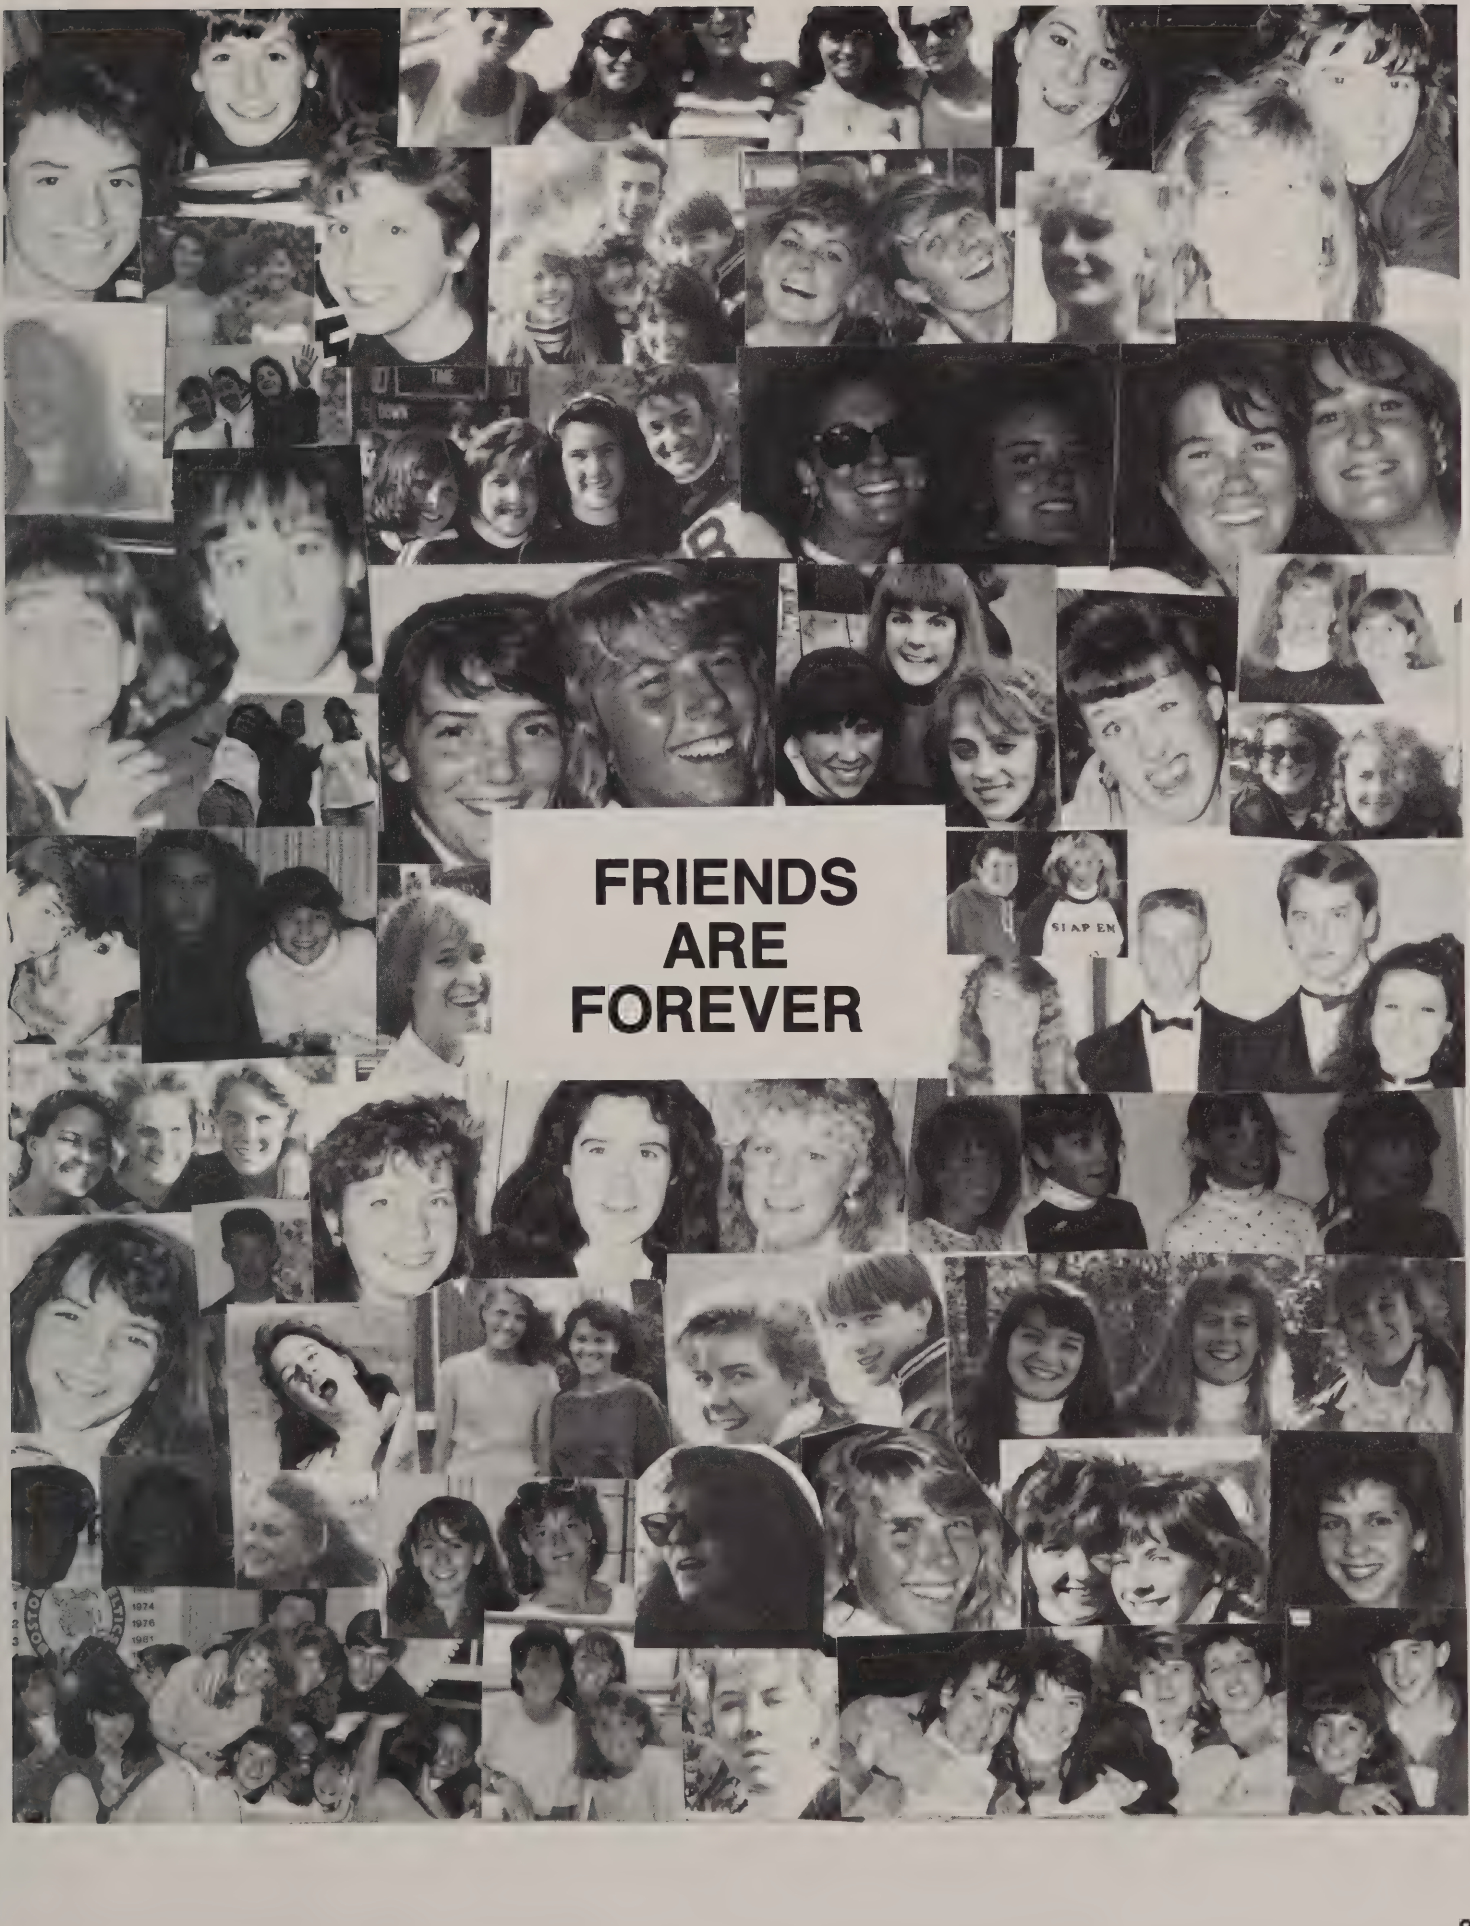
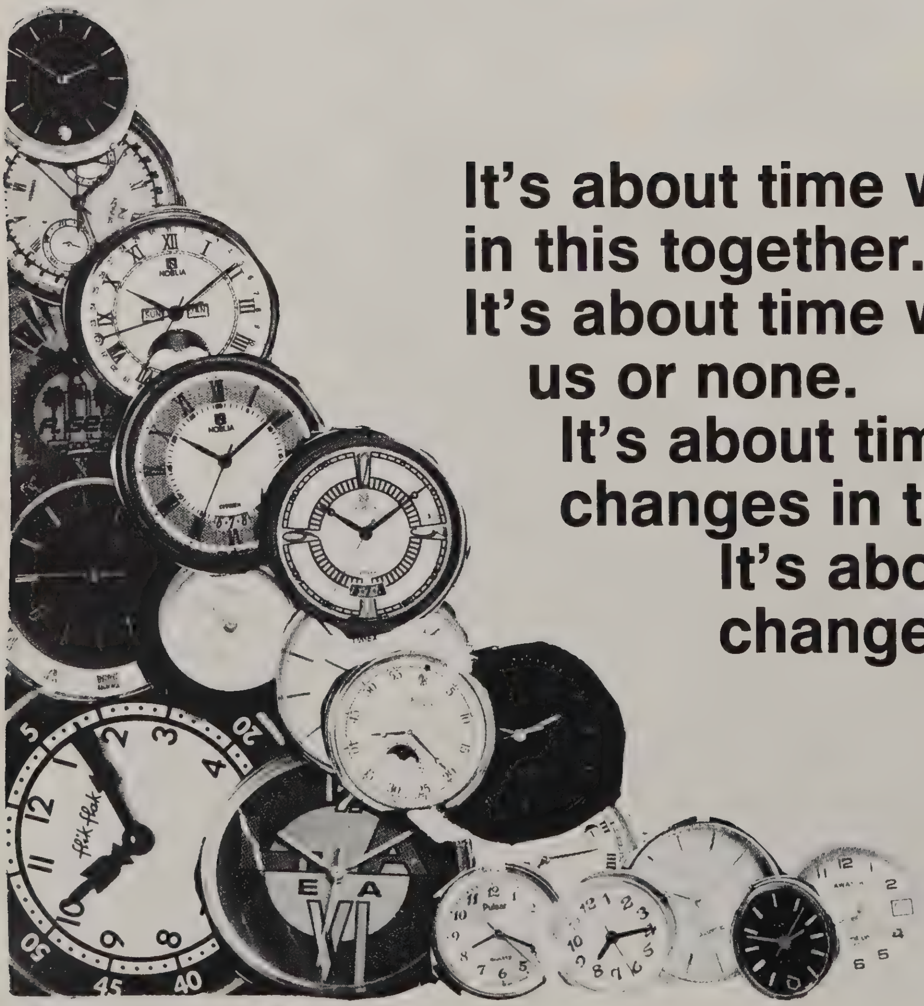
FRIENDS ARE FOREVER



AUTOGRAPHS



It's about time we realize, we're all
in this together.
It's about time we find out, it's all of
us or none.
It's about time we recognize, the
changes in the weather.
It's about time, it's about
changes, it's about time.

As we the class of 1989 prepare to embark on future endeavors, we cannot help but recall the wonderful four years of change that we have experienced. Entering Barnstable High as anxious young freshmen, we matured into responsible and achieving seniors, ready to face challenges that await us. As nature celebrates changes yearly, we too will celebrate changes in the years to come. However, the precious memories that we hold of our high school years will remain with us forever.

I wish you every happiness as you strive to fulfill your dreams. Good luck and thanks for making my memories happy ones.

Love,
Sue

For life is the mirror of king and slave —
'Tis just what we are and do;
Then give to the world the best you have,
And the best will come back to you.

IMAGINE

The class of 1989 leaves Barnstable High School to build new families and to pursue careers which will carry us into the new millenium. Moving into the twenty-first century gives us a feeling of excitement, a hope for a better world. We hope to see war replaced by world peace. We will build for a century of prosperity with the understanding that the differences in people are small compared to the human qualities we all share. The future belongs to us.
